PROFESSIONAL SUMMARY

Professional Summary
Versatile and detail-oriented professional with a strong background in data entry, sales, customer service, and programming. Experienced in delivering high-quality results across diverse industries, with a proven ability to adapt to dynamic work environments. Key experiences include:

- **Programmer** at Al-Hadi Software Company, where I developed and maintained software solutions, gaining one year of hands-on experience in programming.
- **Data Entry Specialist** at Troy Doors Company, ensuring accurate and efficient data management.
- **Sales Associate** at Al-Hadi Software Company, achieving sales targets and building strong client relationships.
- **Customer Service Representative** at Sayid Al-Haleeb and Shopping Paradise Mall, providing exceptional service and resolving customer inquiries effectively.

Skilled in problem-solving, communication, and organization, with a commitment to continuous learning and professional growth. A dedicated team player with a passion for leveraging technical and interpersonal skills to drive success.
